Avanti Wireless Keypad

Changing the Combination

Note: The wireless keypad comes with 2 default combinations.

Combination channel 1: **11<**

Combination channel 2: **22>**

Channel 1:

1. Press and hold "**0**" key, then momentarily press "**<**" key.
2. Release the "**0**" key.
3. Type in the default (or current combination) then press the "**<**" key.
4. Type in the new combination, (up to 8 numbers) then press the "**<**" key.
5. Re-type the new combination then press the "**<**" key to confirm.

Channel 2:

This procedure is the same as channel 1, except we use the "**>**" key.

1. Press and hold "**0**" key, then momentarily press "**>**" key.
2. Release the "**0**" key.
3. Type in the default (or current combination) then press the "**>**" key.
4. Type in the new combination, (up to 8 numbers) then press the "**>**" key.
5. Re-type the new combination then press the "**>**" key to confirm.
